Section 1. Legal Basis

Article 86 of the Philippine Cooperative Code of 2008:

"(5) The remaining net surplus shall be made available to the members in the form of interest on share capital not to exceed the normal rate of return on investments and patronage refunds: Provided, that any amount remaining after the allowable interest and the patronage refund have been deducted shall be credited to the reserve fund.
X x x."

Rule 10, Section 14 of the Revised Implementing Rules and Regulation of R.A. 9520:

"Patronage Refund. The principle of Patronage Refund is a principle of equity wherein an equal right of members to participate in the organization and to equitably share in the benefits accruing there from is established. Under this principle, the Net Surplus shall not be construed as profit, but as excess payments made by them from the cooperative and which shall be deemed to have been returned to them if the same is distributed as prescribed by the Code and by this Rule. Provided, however, that the amount allocated for patronage refund shall not be less than thirty percent (30%) of the net surplus after deducting the statutory reserves based on the principle of equity. Provided, further, that in no case shall the rate of patronage refund be more than twice the rate of interest on share capital."

Section 2. Scope

This Guidelines shall cover all types and categories of cooperatives except Cooperative Union.
Section 3. Definition of Terms

a. General Fund – refers to the fund set aside for the proportionate amount of patronage refund set aside for non-member patrons;

b. Patronage Refund – refers to the amount returned to individual patrons in proportion to their individual patronage of the cooperative’s products and services;

c. Patron – refers to an individual who availed the products and services of the cooperatives who may be members or non-members.

Section 4. Guiding Principle

The principle of Patronage Refund (PR) is a principle of equity wherein an equal right of members to participate in the organization and to equitably share in the benefits accruing therefrom is established. Under the principle, the net surplus shall not be construed as profit, but as excess payments made by them from the cooperative and which shall be deemed to have been returned to them if the same is distributed as prescribed by R.A. 9520 and its Revised Implementing Rules and Regulations.

Section 5. Allocation of Patronage Refund

Allocation of patronage refund shall be made only after allocation of the statutory funds and interest on share capital. The amount allocated for patronage refund shall not be less than thirty percent (30%) of the net surplus after deducting the statutory reserves based on the principle of equity, provided further, the rate of patronage refund shall not be more than twice the rate of interest on share capital.

In case the rate of patronage refund is more than twice the rate of Interest on Share Capital (ISC), the cooperative shall reduce the minimum allocation of thirty percent (30%) for patronage refund to meet or satisfy the requirement.

Section 6. Recording of Transactions

The cooperatives shall maintain separate recording of sales and receipts transactions for members and non-members.

In the case of multipurpose cooperatives, separate recording of income and related expenses per business activity is required.
Section 7. Bases for Computation of Patronage Refund

The bases for the computation of patronage refund shall depend on the cooperative's business activities as reflected in the Statement of Operation for single type cooperative and departmentalized Statement of Operation for multi-purpose type cooperative.

The bases in determining the Patronage Refund and those entitled thereto for the different types of business activities are as follows:

Multi-purpose cooperatives shall adopt the computation of patronage refund based on the activities enumerated above. For this purpose, multi-purpose cooperatives shall have separate recording of transactions per business activity.

**Section 8. Computation of Patronage Refund**

The rate of Patronage Refund (PR) shall be computed as follows:

a. For Single Business Activity

\[
\text{Rate of PR} = \frac{\text{Amount Allocated for PR}}{\text{Amount of Patronage}^*}
\]

*based on Section 7. Bases for Computation of Patronage Refund.

\[
\text{PR per individual} = \text{Rate of PR} \times \text{amount of individual patronage}
\]

b. For Multi-Purpose Cooperative

1. Determine the amount of Net Surplus per business activity. Common expenses may be allocated in accordance with the policy of the cooperative.

2. If there is *Other Income*, allocation shall be proportionate to the Net Surplus per business activity.

3. Determine the total amount allocated for PR per business activity.

4. Compute the rate of PR per business activity by dividing the amount allocated for PR per business activity over the amount of patronage per business activity.

5. To determine the individual PR, multiply the rate of PR to the amount of individual patronage.
To determine if the PR does not exceed twice the rate of ISC, get the average of the rate of PR per business activity and compare the result to the rate of ISC.

Section 9. Payment of Patronage Refund

a. In the case of a member patron with paid-up share capital contribution, his/her proportionate amount of patronage refund shall be credited to his/her share capital as part of the Capital Build-up if stipulated in the by-laws. In the absence of the provision in the by-laws, it shall be paid to him/her unless he/she agrees to credit the amount to his/her account as additional share capital contribution;

b. In the case of a member patron with unpaid share capital subscription, his/her proportionate amount of patronage refund shall be credited to his/her account until his/her share capital subscription has been fully paid;

c. In case of a member patron with due and demandable obligation, his/her proportionate amount of patronage refund shall be credited to said obligation until his/her obligation has been fully paid provided that the unpaid share capital subscription has been fully paid; and

d. For members who voluntarily withdrew or have been terminated involuntarily (including automatic termination) the amount of share capital including ISC and PR not yet paid by the cooperative shall continue to earn interest until fully refunded to the member.

e. In the case of a non-member patron, his/her proportionate amount of patronage refund shall be set aside in a general fund for such patrons through disclosure in the Notes to Financial Statement. It shall be allocated to individual non-member patrons only upon request and presentation of evidence of the amount of his/her patronage. The amount so allocated shall be credited to such patron toward payment of the minimum capital contribution for membership. When a sum equal to this amount has accumulated at any time within a period specified in the by-laws, such patron shall be deemed and become a member of the cooperative if he so agrees or requests and complies with the provisions of the by-laws for admission to membership.
Section 10. Unclaimed Patronage Refund of Non-Member Patron

If within any period of time specified in the by-laws, any non-member patron who has accumulated the sum necessary for membership but who does not request nor agree to become a member or fails to comply with the provisions of the by-laws for admission to membership, the amount so accumulated or credited to their account together with any part of the general fund for nonmember patrons shall be credited to the reserve fund or to the education and training fund of the cooperative, at the option of the cooperative.

Provided, that said non-members have been duly notified of such amount of patronage refund and the effects of non-availment thereof within the prescribed period as specified in the by-laws and/or policies.
