COOPERATIVES ALL OVER THE COUNTRY GOING THE EXTRA MILE TO SERVE THEIR MEMBERS AND COMMUNITY AMIDST COVID-19 PANDEMIC: REPORT FROM REGION 12

#CoopsAgainstCOVID19

REGION XII COOPERATIVES AS ONE AMID COVID-19 CRISIS

The novel coronavirus now sweeping the globe has left many countries struggling to cope with the rising number of cases and individuals yearning for food as workers are affected by the enhanced community quarantine.

Amidst this public health crisis and the rapidly evolving COVID-19 pandemic which has spread to more than 140 countries, including the Philippines, the cooperative sector across the country is stepping up and finding various ways and means to share in these trying times.

The spirit of cooperativism is alive in Region XII as cooperatives and cooperative development councils, in coordination with various organizations and LGUs, are trying their best to uphold such spirit in line with social responsibility, from providing basic needs for free such as relief goods to disinfectants and face masks.

"Moving Talipapa" or "Palengke-on-wheels" was initiated by the General Santos City Local Government Unit, headed by the City Economic Management and Cooperative Development Office (CEMCDO), in coordination with the cooperatives, youth and MSMEs in General Santos City. This program aims to bring food and other essentials closer to the people, minimizing the need to go to the city's public market to purchase food which, in turn, prevents person-to-person contact. All commodities have regulated prices so that everyone can afford to buy. These goods are supplied by cooperatives-partner vendors from the public market.

"Moving Talipapa" is scheduled on Tuesdays and Saturdays starting April 3, 2020, in different barangays and subdivisions of General Santos City. This initiative not only helps the farmers, cooperatives and MSMEs but also gives opportunities to young people, such as the participation of the Calumpang Youth for Empowerment (#CALYE) as one of the vendors.

Other cooperatives in the Region have also shown their concern for the community in their own ways, as shown below:
