The need for paradigm shift

- Based on latest CDA data (Dec. 31, 2015) the number and assets of micro, small, medium and large reflects the Philippine social pyramid: Majority are poor, minority are rich;
- As an enabler for cooperatives to become agents of equity, social justice and economic growth, the urgent taskof the CDA is to empower the poor cooperatives. And this can be done only if the CDA focuses on its developmental function and at the same time improve its development function
