From the total estimated number of officers (average of 22/coop), **236,764**, of **10,762** complying co-ops in 2014, we could say that majority of coop officers have already been trained and complied with the training requirements for the last 3 years.

Some of the Issues and Concerns:

- Some ATPs are allowing other institutions/persons to use their accreditation (for a fee!!);
- Trainers/lecturers conduct training merely for compliance (not after the quality);
- ATPs are not utilizing their pool of trainers, requesting CDA even if not for rules/issuances;
- Training fees of some ATPs are high;
- Not submitting report to CDA.

New Developments:

a) Memo Circulars on Training of Officers and Accreditation of Training Providers were published

2015-09 Revised Guidelines Implementing the New
Training Requirements of Cooperative Officers

2015-10 Revised Guidelines on the Accreditation of
Cooperative Training Providers

b) Standard Training Course Outline for the required trainings are now available

New Developments:

- c) Required reports form from the cooperatives and training providers are likewise out for use/reference
