

A Graduation from Micro Cooperative to Small Cooperative Story

Marulas Market Vendors Multi-Purpose Cooperative, which registered on July 10, 2014 with only twenty-four member-vendors (24) for a start, has successfully graduated from being a Micro Cooperative to a Small Cooperative as it hurdled well the struggles they were confronted with while moving on to the next level. It was not just strong leadership, but also positively consensual team effort with best practices, that has sustained its growth and excellent management up to now.

The General Manager, Ms. Mary Vilvar Monte, openly admitted and expressed appreciation for the big role that CDA-NCR EO plays through its CDS II of Valenzuela City, Marilou M. Valencia, in encouraging, inspiring and rendering technical assistance all the time through various means of communication.

It is noteworthy that this Cooperative received the Gawad Parangal of CDA-NCR as the Most Outstanding Cooperative – Micro Category last October 26, 2019 and received Ten Thousand Pesos (P 10,000.00) as reward from the Local Government Unit of Valenzuela City.
