EMPOWERING THE YOUTH THROUGH K-POP

by: Cassy S. Jimeno, CDS II-CPDAS

K-Pop, not Korean Pop but rather Kooperatiba Para sa Kabataan - Programa at Oportunidad na Pangkabuhayan was launched last June 20, 2022 at Pavia National High School, Pavia, Iloilo. It was primarily attended by the laboratory cooperatives in the region such as Sta. Barbara (FACOMA) Multi-Purpose Cooperative, Zarraga Multi-Purpose Cooperative, Pavia National High School Eskwela Kooperatiba, and Ang Dios Gugma Youth to name a few.

The Authority's partner agencies namely: Technical Education Skills Development Authority (TESDA), and Department of Agriculture personnel were present during the activity to share their programs and projects that would cater and benefit the youth.

Atty. Arturo C. Cangrejo, Chief CDS of the Provincial Cooperative Development Office shared his experiences of being exposed to the concept of a cooperative at such an early age and how it has benefitted him as the years pass like traveling at the age of 13 to Canada to attend the Cooperative Youth Summit, to further motivate and encourage the participants.

Hon. Lawrence Anthony G. Gorriceta, Municipal Mayor of Pavia, also shared the things he learned starting from being a young entrepreneur, the knowledge and ideas he acquired that has helped him to become the man that he is now, as an inspiration to the youth.

Not to forget, Hon. Michael B. Gorriceta, Representative of the Second District of Iloilo who also took time out of his busy schedule to attend the program and to empower the participants to dream big and aim high. He shared his life as a young businessman and through hard work and perseverance was able to achieve his goals.

This is one of the many innovations and projects of the Authority in order to be of service to the community, especially in the promotion on cooperativism to the leaders of tomorrow-The Youth.
